

Dear Guests,

New hotel occupancy limits of 30% are coming into force as of 15 December 2021.

Vaccinated persons do not count against the limit.

As we are obliged to verify COVID certificates, the Hotel Reception will ask whether you have such a certificate already at the time of booking, and you will be requested to show your certificate when checking-in.

I am counting on your understanding and assistance to ensure a smooth booking and check-in process.

You are cordially invited to use our services. I assure you that we make every effort to make your stay at our hotel safe and comfortable.

Best regards

Małgorzata Szymankiewicz
General manager - Hotelu Gem
